Summary

As a web developer, I possess extensive experience in designing and developing responsive, user-friendly, and visually appealing websites. My expertise includes proficiency in HTML, CSS, JavaScript, and front-end frameworks such as React . I am well-versed in back-end technologies such as Node.js, Express, and MongoDB. I have a keen eye for detail, and I am committed to delivering high-quality, error-free code. With my excellent problem-solving skills and a passion for innovation, I am dedicated to creating web applications that meet or exceed expectations.

Education

Swami Keshvanand Institute of Technology, Management & Gramothan
